LARGEST WAR BUDGET IN ENGLAND'S HISTORY

Official, in Introducing Measure, Says Nation Needs Every Man.

LONDON, February 9.—The largest nilitary budget in the history of Great Britain has been introduced in the hou

The task of introducing the budget fell upon the parliamentary secretary of the war office, H. J. Tennant, as Earl Kitchener, secretary for war, is a mem-

Two days have been allotted to the scussion of these "army estimates," which are called a "blank check budget, because the accounts of actual money which will be expended under them ar represented by nominal or token figures. Under Secretary Tennant's speech was stirring tribute to the British army and a

#### Appeal for Recruits.

"It is true," he said, "that recruiting it varies from week to week, and pos-sibly at the present moment a little more energy put into recruiting would not be out of place. There is no cause for discontent, but we want more men. Every man will be needed in this great life and death struggle. The variations and vicisgreater sacrifices from the nation than

He appealed to the labor party to help organize the forces of labor so that when a man joined the colors his place would be adequately supplied. Praises Territorials.

Mr. Tennant paid a warm tribute to the territorial troops, whose value and efficiency, he declared, had been proved by recent events. The British design of aeroplane, the secretary contended, has been found superior to that used by any other country. The speaker teachers' college of the institution. The title of tomorrow's lecture will be "The Tendency to Establish Relations." Thursday the subject will be "The Training of the Kinesthetic Sense Through the Use of the Montessori Material," and the theme Friday will be "The Significance of the Montessori Material in Developing Forms of Consciousness."

said also that as a result of the excellent sanitary services, enteric fever was rare and that evidence was accumulating that inoculation ought to be made compulsory.

In introducing the army estimates Mr. Tennant said he was debarred from dwelling upon the size and the distribution of the British forces.

"The enemy desires more than anything else to know the force we may have in the future," the speaker said.

TO PLAY FOR TENNIS TITLE.

Kinsella and White Will Meet to Decide Court Championship.

NEW YORK, February 9.-Walter insella of the New York Squash Clu and John White of the New York Racquet and Tennis Club have been matched to play for the professional court championship of America here Saturday, February 20. Announcement of the match states that this is the first time in the history of court tennis in the United States that professiona hampionship has been at stake.

The European war is responsible for The European war is responsible for the absence of international court tennis fixtures this season, and to fill this vacancy it was decided that the game had reached a sufficient degree of expertness among the young professionals to warrant arranging a match for the championship of America, and outside of that between Jay Gould and George H. V. Covey, the British champion, for the open title it will be the most important ever played in America.

TO LECTURE AT G. W. U.

Montessori Method to Be Topic of Dr. Harriet E. Hunt.

Dr. Harriet E. Hunt, specialist in the rious phases of "Auto-education" at o'clock tomorrow, Thursday and Friday in the assembly hall of the arts o'clock tomorrow. Thursday and Friday in the assembly hall of the arts and sciences building of the George Washington University, 2023 G street northwest, under the auspices of the teachers' college of the institution.

The title of tomorrow's lecture will be "The Tendency to Establish Relations." Thursday the subject will be "The Training of the Kinesthetic Sense Through the Use of the Montessori Material," and the theme Friday the formula of the title average level of efficiency in American railroad service will compare most favorally with that in any other industrial occupation.

Southern Railroad President Tells Terminal Y. M. C. A. of Coming Prosperity.

LECTURES ON EFFICIENCY IN TRANSPORTATION LINES

Preparation to Get Best Out of Organization His Thought.

ganization His Thought.

Ready for Revival.

Ready for Revival.

President Fairfax Harrison of the Southern railway closed his last night's address on "Preparation for Efficiency," which was delivered before the trade of the world.

Many of our manufacturers are moving intelligently to take advantage of this opportunity, and I believe that we may look forward to a new era of prospective in the United States which will bring about a steadily increasing demand for railroad service." the Terminal Railroad department of the Y. M. C. A. of the District, with the expression of his belief that the United States is now to enter upon a new era of prosperity. He stated that, in his opinion, this country is "on the road to recovery from the depression which ame to a head with the beginning of and that "we in the United States now have an opportunity such as we have never had before to obtain a large share of the trade of the world."

other industrial occupation.

Every memoer of a rathroad organi-action who thinks of the relations be-tween labor and capital should steer clear of the fallacy of thinking that a railroad is a charitable foundation de-iving the funds necessary to keep it soing from the accumulation of capi-tal.

Railroad a Living Thing.

"A railroad is a living thing springal, but from its very birth the capitalst ceases to be the whole thing. The rganism then consists of capital, abor and public, and is forthwith and henceforth dependent upon the exerions of these three members for the onservation of its life and the welfare r all its members.

o business without credit, but I have lever known any progressive railroad which credit is not a vital necesity. To have credit a railroad must, herefore, have not only a reputation or honesty, but such a record of income as assures its ability to meet its bligations as they fall due.

"Efficiency is not the expression of a God-given genius. Men are not born efficient, but achieve efficiency by preparation for the exhibition of it. At such a time as this, who is the railroad industry is in difficulties and industrial

#### Climate Failed; Medicine Effective

Sufferers from Tuberculosis often think that nedicine will not help them. Fresh air, regitar habits and good food aid in restoring realth, but more is often needed. Many have cen restored to health by Eckman's Alterative. Read this:—

#### efficiency is apparently the chief hope we have of working out our problem, the intelligent man who would succeed in railroading must therefore prepare himself. He must search his own heart with a ruthless determination to recognize his own defects of character and equipment, that by recognizing them he may strengthen himself. **EXPLAINS HIS VIEW** OF DISTRICT TAXES Business Recovery.

"From time to time," concluded Mr. Harrison, "we have had business de-pressions, and it is probable that we shall have them in the future, but as Judge Prouty Alleges Inequities Under the Local Systhe country rallies from each one the volume of business expands beyond its tem of Assessments. former limits, with a corresponding demand for increased railroad service

#### That has been past experience, and MAKES ADDRESS BEFORE MIDCITY ASSOCIATION

justifies our acting upon the confidence of its recurrence. It has almost become a law of American business.

"We are now on the road to recovery from the depression which came to a head with the beginning of the war in Europe last summer. That conflict has withdrawn millions of men from agricultural and industrial occupations, and we, in the United States now have an opportunity such as we have never Asserts Lawmakers Are Not Unfriendly, But Warns Against Attacking Congressmen.

To convince an audience of Washing inequity of taxation in the District of Columbia, but that he thinks he is right, Representative Prouty of Iowa the House District committee, explained his views of District of Columa government before the Mid-city BY COTTON LOAN FUND Citizens' Association, at 1009 7th street orthwest, last night.

Incidentally he announced himself as in favor of some system of government by which the people of the Dis trict of Columbia shall have a voice i the taxation of their properties and in the disposition of those taxes for administration and public improvements. Washington, he said, is the only capital in the whole world where the peo ole do not have a say in the govern ment of the city. He pointed out tha n autocratic Russia Moscow and War of the fund, "are not to be measured by the small amounts that were actsaw have a measure of home rule ally loaned. Its benefits consisted argely in the public knowledge that making the comparison with the people of the United States as the only people of any nation who do not trust the citizens of its capital with a voice in could be confidently looked to and their own political affairs.

"The buying movement which set in Conditions in Iowa Communities. ollowing the establishment of this Judge Prouty outlined the processe and has carried prices of cotton up to

of his mind in reaching the conclusion that Washington citizens do not pay enough of their own taxes. He cited conditions in Iowa communities, con trasted with tax conditions in Wash ington. And after the lowan has paid all his taxes on a basis of maximum liability he is called upon, said Judge tability he is called upon, said Judge 'routy, to chip in to pay haif of the axes of the National Capital.

Commenting upon the inequalities of axation, he set forth that an lowan must build his own sidewaik and must pay for street paving abutting on his property to the middle of the road; whereas, in Washington, half of these costs only are assessed against the property owner, and besides his own taxes the Iowan then must contribute to pay the half of the taxes that the citizen of Washington does not pay.

Discussing the assessment rate on realty he declared it indisputable that while citizens of Washington pay taxes. while citizens of Washington pay taxes on a basis of \$1 for every \$100, the Cleveland to Play Many Games

While in South.

CLEVELAND, February 2.—Manager

Joe Birmingham will lead his hopeful band of Indians (new title for the Naps) out of town on the 11:30 a.m. flyer for San Antonio, Tex., Friday, February 26, on what probably is one of the most important training trips the Cleveland club has ever taken. It's up to Birmingham to make or break this year, and that it would be unconstitutional to levy tax on such a basis; furthermore, he asserted that this condition, if so, indicated that the Washington citizen was richer in real estate than those of other communities, and accordingly should bear a greater part of the tax burden. In fact, he declared, the citizen of Washington is richer in real estate than are any people in the world, with the exception of certain Indians.

understanding what the Cleveland fans Alleges There Are Tax Dodgers.

# intagonistic to the District of Columbia. On the contrary, all are deeply interested in its welfare. Sometimes he interests of the clients of Congressmen and their constituents class ith those of the people of Washington, and it is natural that they should ean toward their own people. "But it doesn't pay to attack Congressmen," was his closing injunction.

At the business session which followed Judge Prouty's address, sixteen new nembers were taken in. A campaign for tembership was inaugurated by President Driscoll, who urged that the pres tonians not that he is right about the ent membership of 170 be raised to 570, by personal canvass.

Association's Business Session.

Discusses the Personal Tax. He did not consider that any one ould defend the propriety of the per

sonal tax imposed in Washington. A poor man with little property, he

pointed out as one of the injustices of his tax, pays .0015 on the dollar, while

million dollars' worth of diamonds

ould escape a penny of tax. This, he

by personal canvass.

A committee was appointed to wait upon the board of Commissioners to inquire into the possibilities of allotment of more street space around K street market, where farmers may display their wares. The committee will ask that the use of 8th, K and L streets be permitted for this purpose. The sanitary condition of the aliey now allotted for the display of farmers' products was denounced. The committee consists of George A. Butar, J. B. Geler and Frank Ruppert.

A letter was read from the board of Commissioners announcing that the congestion of the Thompson School probably would be relieved in time for the next school year, as the Western High School, now rebuilding, will be ready for occupancy in September. President Driscoll also announced to the association his confidence that the paving of 7th street will be provided for in the District appropriation bill pending before Congress.

The new members admitted are: W. L.
